

Speaker's Bureau

At Lewistown Hospital

Keeping You Connected

The Lewistown Speaker's Bureau is designed to provide expert information on a variety of health and wellness-related topics to community groups. Our professionals - doctors, pharmacists, nurses, social workers, therapists, information technology specialists, dental specialists - are available to address both clinical and non-clinical subjects at no charge to your club, church or organization.

Using The Speaker’s Bureau

Our dedicated professionals are pleased to share their knowledge and expertise with the community they serve. We do ask that your group meet the following criteria:

- Is within the Lewistown Hospital service area, including Mifflin, Juniata and parts of Huntingdon and Snyder counties.
- One contact person is available to meet with the speaker the day of the presentation.
- Your request is made eight to twelve weeks in advance.

Contact the Lewistown Hospital Community Relations Office for assistance with selecting a program, for more information or to arrange for a speaker.
